Reveals A Great Secret.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucous, and let the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worm throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottle free at Swann-Day Lbr. Co., store.

Terrapen Burns a Barn.

Some weeks ago the barn of Mr. James Clark, who lives on Pine Ridge in the eastern part of the county, was burned. Later it was developed that some children had found a terrapen. To make it walk they put a coal of fire on its back, when it ran under the barn and set it on fire.—Winchester Sentinel.

What Thin Folks Need.

Is a greater power of digestion and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite make healthy flesh. Only 25c at Clay City Lbr. & Stave Co.

Plenty of Fish.

Mr. Bob Tillett, of Valley View, made quite a remarkable catch of fish on Thursday night, says the Richmond Register. On one line he caught one hundred and eighty-five pounds of fish. The catch was made at boom No. 1, one mile above Valley View, and consisted of three sturgeons, weighing 100, 64 and 21 pounds, respectively. The fish were carried to Lexington and put on exhibition.

Gov. Beckham yesterday granted a pardon in the case of W. M. Garrison, the Madison county boy just sent to the State penitentiary here from Leslie county for two years for manslaughter. Garrison shot and killed Larkin Jones to save the life of his father, whom Jones had threatened to kill.

Articles of incorporation were fil-

ed in the office of the Secretary of State Wednesday by the following corporations: The Louisville and Mt. Washington Railway Company, with \$10,000 capital stock, with the privilege of increasing to \$400,000. The company will build an electric line from the limit of the city of Louisville to Mt. Washington, Bullitt county, and proposes to later extend the road through to Fairfield, Bloomfield and Bardstown, in Nelson county. The St. Louis Oil and Gas Company of Montgomery county. It has \$25,000 capital stock, and W. B. White, W. W. Embry and F. W. Shackelford are the Stockholders.

The Bell M. Herndon Implement Company of Georgetown. It has \$1,000 capital, and B. M. Herndon is the incorporator.

Holds Up A Congressman.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Clay City Lbr. & Stave Co.

In speaking of the cigarette habit, Dr. J. A. Snowden has the following to say in the Winchester Sentinel: "Boys, don't smoke those coffin tacks." The are pos-

itively dangerous. I would hate to see a boy of mine marry an old maid against his wishes or a young woman in her nonage or an old woman in her dotage. Would hate to see him engaged in the hazardous task of "sassing" his old mother-in-law. It hurts my feelings to see him part his hair in the middle. But to see him stand flat footed or sit cross-legged and hurn up his mind and body with those dreadful, awful cigarettes I think would be more than I could bear. One young man said to me, "Dock, it dont hurt my mind to smoke cigarettes." After talking to aforesaid young man awhile I found he was right. It didn't hurt his mind because he had none. There are very few shorter cuts to the lunatic asylum than the "smoky" route of the cigarette. Boys take warning and quit your foolishness!

Churches and Schools.

Dr. McDonald, of Danville, synodical missionary of the Northern Presbyterian Church, has made arrangements for a considerable extension of educational and church work in the mountains this year. A church will be built at Monticello, a church and academy at Pikeville, and a church and academy at Inez. Dr. McDonald, while in the East last winter, raised \$22,000 with which to carry on the work.

The Continental Tobacco Co. has made an increase of 10 per cent. in the wages of 25,000 employees because of the recent advance in the cost of living. The increase applies only to employees below the rank of foreman, and

in Louisville alone represents an additional outlay of \$7,5000.

Fishing.

Sun shines bright,
Wind blows right,
Fishing good,
Out of sight!
Hold pole tight,
In morning light,
Watch them bite,
Great delight.

Worm on hook,
Shady nook,
Warbling brook,
Take a look,
Boy on bank,
Feeling lank,
Perched on plank,
Defies a spank.

Unwraps line,
Oh, how fine,
Jolly time,
Hour sublime,
Bait pitched in,
See boy grin;
Cork goes under,
Oh, by thunder.

Caught him sure,
In waters pure,
Tell you how,
Listen now,
Watch and wait,
Spit on bait,
Fail in this,
Sure to miss,
Sure as fate.

At Kidd's store, Lincoln county, the Booth brothers engaged in a game of craps with a negro by the name of Peyton, and fell out which results in the wounding of both white men, and the negro was shot to death.

FACTS AND OBSERVATIONS

On a Trip to Texas By W. E. Hefflin.

We left Clay City on April 19th for Dallas, Tex. We went to Lexington, where we had to lay over until Sunday morning. We spent the night very pleasantly with S. S. Witt. We bought our round-trip tickets for Dallas on the 20th for \$10.80, good to return May 2 over the Choctaw route. We went over the C. & O. to Louisville and arrived there at 11:45 a. m.

The country from Lexington to Midway is very fine fertile bluegrass country. On our way, we noticed very close about the quantity of stock on the road. Stock of all kinds seemed to be very scarce, especially hogs. If all the hogs that I saw from the train between Lexington and Midway were fattened and ready for market, they would not feed Louisville for breakfast.

We took a through reclining chair coach at Louisville for Dallas, leaving at 12:30 p. m. over Illinois Central for Memphis. We viewed the Ohio river for the first time since we were quite a boy. The bridge across the river at this point has twelve pillars supporting it.

We passed through Hardin county. The soil along the railroad was very poor. Saw several fine forests of white oak timber. The people seemed to be chiefly engaged in fruit growing. Saw several orchards of apple trees, containing ten acres or more. All seemed to be young orchards. At Princeton, we took on two more coaches, making twelve in all, and all seemed to be well filled. To our left, after we left Princeton, we could see from our car the Eddyville penitentiary, which is a large brick structure. We could only see the outside, didn't care to see the other side. We crossed the Cumberland river which is a large stream with wide and fertile bottoms. In ten miles more travel we came to the Tennessee river which is twice or three times as large as the Cumberland. The bottoms on the Tennessee are large and excellent land for wheat and corn. A short run brought us to Paducah, on the Ohio. This is a nice city of 20,000 inhabitants. We arrived there at dark. Here several more passengers got on our train which was then well filled. We had nice people on our train, no one drinking. We changed train crews. Our next point was Memphis, Tenn. We left Paducah at 7 p. m. and had several miles of good running through Tennessee, it being a very level country, but as it was night, could not see much of the country. On the route, we met Mr. Jolly, (who is jolly indeed) traveling passenger agent of the Choctaw, Oklahoma & Gulf R. R. He did all in his power to make the passengers comfortable and happy.

Several had tickets calling for other routes which he took up and gave them the right ticket which was a great help to them. We arrived at Memphis at midnight and left at 12:30 a. m. When we crossed the Mississippi it was night and all eyes were upon the water. The queen of the night was shining with all her majestic beauty. The electric lights were shining upon the right bank across the water, and this gave us a good view and beautiful scenery.

(CONTINUED NEXT WEEK.)

Gruesome Statistics.

The Chicago Tribune, which keeps account, so far as it can, of murders, hangings, and lynchings in this country, reports that in 1901 there were 118 legal executions—one less than in 1900. It reports for the year 135 lynchings (20 more than in 1900), of which 121 occurred in the South and 14 in the North, as compared with 107 in the South and 8 in the North in 1900. The number of negroes lynched last year was 107 the same number as in 1900. Of these 39 were lynched for murder, the same number as in 1900, and 19 for criminal assault as against 18 in 1900. There were fewer lynchings last year in Mississippi, Louisiana, and Georgia, but more in Alabama, Tennessee, and Texas. These figures bring out one fact that should be noticed at least once a year. The number of negroes lynched every year for murder is more than twice as great as the number lynched for criminal assault.

Don't horror trouble. You all have a plenty.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hull's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Who sympathized with you when your little girl was sick? Was it your home merchant or was it Sears & Roebuck? Who carried you last winter when you were out of a job and had no money? Was it Montgomery Ward & Co. or your home merchant? HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, CHICAGO, ILL.

It is now generally believed by all that the firing of R. L. Daniel's house near town was the work of incendiaries. Some \$12. or \$14. in silver coin was left in the house, and no money could be found in the ashes. Other things prove conclusively that the residence was set on fire.

The Most Common Ailment.

More people suffer from rheumatism than from any other ailment. This is wholly unnecessary too, for a cure may be effected at a very small cost. G. W. Wescott, of Meadowdale, N. Y., says: "I have been afflicted with rheumatism for some time and it has caused me much suffering. I concluded to try Chamberlain's Pain Balm and was pleased to say that it has cured me." For sale by all dealers in patent medicine.

Died.

Mrs. Hattie Wallace, wife of James A. Wallace, Circuit clerk of Estill, died at St. Joseph's hospital Thursday night. Her family was at her bedside at her death. Sciatic Rheumatism cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edger, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by all dealers in patent medicine.

Eld. J. M. Rash, being engaged in an exceptionally interesting meeting at Panola, failed to fill his stand at the Christian church Saturday night and Sunday. He came up last night and preached. Owing to the short notice the congregation was small. He reports a large number of additions to the church at Panola.

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinky Hall, Springfield, Ala. This Remedy is for sale by all dealers in patent medicine.

Death of T. J. Stringer.

Tuesday morning at one o'clock, T. J. Stringer, who has been hovering between life and death for quite a while, breathed his last aged 21 years. He has been afflicted with complication of diseases for some time and was sent to the hospital at Lexington, but nothing seemed to do him any good. He was hurried at Stanton yesterday morning. No Loss of Time.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would have rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they went to work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home. A GOOD CARRIAGE OFFER;

You Can Really Save Two Profits by Buying From the Factory.

The modern way of doing business by selling direct from the factory to the consumer has recently come to stay. Its economy is so great that no one who has once discovered how much can be saved by such direct dealing would be willing to go back to the old-fashioned way of buying, in which profits must be paid to two or more middlemen. But the new business method more than ever requires confidence in the fairness and strict honesty of the business firm and a reputation above any suspicion of unfair dealings.

The success of a firm having this kind of a reputation is illustrated in the career of The Columbus Carriage and Harness Company, of Columbus, O., which has sold an immense number of high grade carriages and harness by a plan of shipment direct from the factory, insuring every buyer against loss or dissatisfaction. By their plan a carriage user in Maine or Texas can buy far cheaper than at the local store, and with equal opportunity to return any article that is not satisfactory. To aid buyers at distance this firm has prepared a large catalogue which shows by accurate illustration and careful description exactly how and what material each vehicle is constructed. This catalogue is a valuable guide to buyers of carriages and harness and even those who may intend buying elsewhere should have a copy on hand to consult in order to be informed what the fair factory price is before the profits of jobbers and and retailers are added on. Anyone can obtain this catalogue free by writing to The Columbus Carriage and Harness Company, Columbus, Ohio.
